```
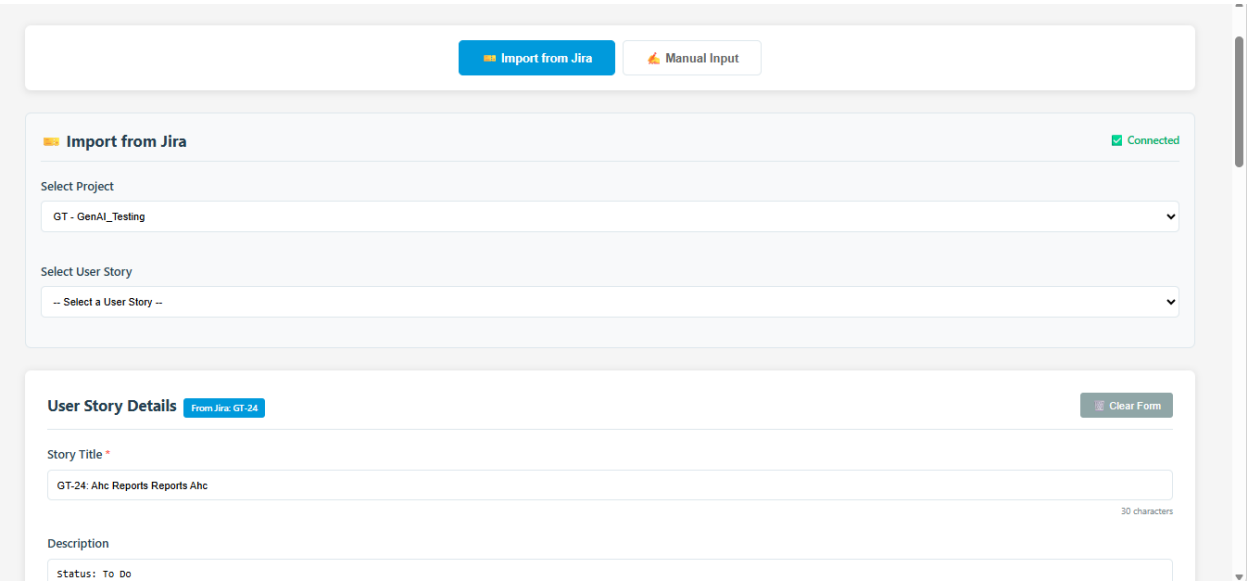
        versionedRepresentations",
    "id": "10001",
    "self": "https://kishorejk.atlassian.net/rest/api/3/issue/10001",
    "key": "SCRUM-2",
    "fields": {
        "summary": "Task 2",
        "description": null,
        "reporter": {
            "self": "https://kishorejk.atlassian.net/rest/api/3/user?
                accountId=712020%3Ab9174576-0829-4339-a7b8-1252c3c4dc7e",
            "accountId": "712020:b9174576-0829-4339-a7b8-1252c3c4dc7e",
            "emailAddress": "pianogame04@gmail.com",
            "avatarUrls": {
```

2)*Fetch the user stories from Jira to generate testcases*



🚀 Generate Test Cases

Ctrl + Enter to submit Esc to clear form

Generated Test Cases

20 test case(s) generated • Model: meta-llama/llama-4-scout-17b-16e-instruct • Tokens: 2628

Test Case ID	Title	Category	Priority	Expected Result
TC-001	Verify AHC reports functionality for valid input	Positive	High	Report generated successfully with expected data
TC-002	Verify AHC reports functionality for invalid input	Negative	High	Error message displayed for invalid input
TC-003	Verify AHC reports functionality for empty input	Negative	Medium	Error message displayed for empty input
TC-004	Verify AHC reports export functionality	Positive	Medium	Report exported successfully in expected format

Exported test cases to excel:

E2 | Navigate to AHC reports module Enter valid report parameters Generate report

	A	B	C	D	E
1	Test Case ID	Title	Category	Expected Result	Steps
2	TC-001	Verify AHC reports functionality for valid input	Positive	Report generated successfully with expected data	Navigate to AHC reports module Enter valid report parameters Generate repor
3	TC-002	Verify AHC reports functionality for invalid input	Negative	Error message displayed for invalid input	Navigate to AHC reports module Enter invalid report parameters Generate rep
4	TC-003	Verify AHC reports functionality for empty input	Negative	Error message displayed for empty input	Navigate to AHC reports module Leave report parameters empty Generate repo
5	TC-004	Verify AHC reports export functionality	Positive	Report exported successfully in expected format	Navigate to AHC reports module Generate report Export report
6	TC-005	Verify AHC reports print functionality	Positive	Report printed successfully	Navigate to AHC reports module Generate report Print report
7	TC-006	Verify AHC reports filtering functionality	Positive	Report generated successfully with filtered data	Navigate to AHC reports module Apply filters to report parameters Generate re
8	TC-007	Verify AHC reports sorting functionality	Positive	Report generated successfully with sorted data	Navigate to AHC reports module Sort report data Generate report
9	TC-008	Verify AHC reports pagination functionality	Positive	Report pages navigated successfully	Navigate to AHC reports module Generate report with multiple pages Navigate
10	TC-009	Verify AHC reports error handling for network issues	Negative	Error message displayed for network issue	Navigate to AHC reports module Simulate network issue Generate report
11	TC-010	Verify AHC reports functionality for different user roles	Positive	Report generated successfully for authorized user roles	Login with different user roles Navigate to AHC reports module Generate repor
12	TC-011	Verify AHC reports report data integrity	Positive	Report data matches expected results	Navigate to AHC reports module Generate report Verify report data
13	TC-012	Verify AHC reports report formatting	Positive	Report formatted correctly	Navigate to AHC reports module Generate report Verify report formatting
14	TC-013	Verify AHC reports report performance	Positive	Report generated within expected time frame	Navigate to AHC reports module Generate large report Verify report generatior
15	TC-014	Verify AHC reports report cancellation	Positive	Report generation cancelled successfully	Navigate to AHC reports module Generate report Cancel report generation
16	TC-015	Verify AHC reports report saving	Positive	Report saved successfully	Navigate to AHC reports module Generate report Save report
17	TC-016	Verify AHC reports report sharing	Positive	Report shared successfully	Navigate to AHC reports module Generate report Share report
18	TC-017	Verify AHC reports report scheduling	Positive	Report generated successfully at scheduled time	Navigate to AHC reports module Schedule report Verify report generation at sc
19	TC-018	Verify AHC reports report deletion	Positive	Report deleted successfully	Navigate to AHC reports module Delete report Verify report deletion
20	TC-019	Verify AHC reports report editing	Positive	Report generated successfully with updated parameters	Navigate to AHC reports module Edit report parameters Generate report
21	TC-020	Verify AHC reports report access control	Positive	Reports accessible only to authorized users	Navigate to AHC reports module Verify access control for reports
